Thank you Black voters.

This election season, Black voters showed up in record numbers to remind our folks We Got Power and We Got This!

During this unprecedented period in our country's history with many people suffering from the impact of COVID-19, a rise in unemployment, and stark racial injustices in communities across the country. It is clear that America is long overdue for real change. Read our official statement [here](#).

Ahead of the November election, Black Voters Matter traveled to over 10+ states in 30+ days for voter registration, census, community service, funding grassroots organizations, donating to bail funds, community discussions and candidate forums all while spreading Black love and joy!

Again, thank you Black voters. Watch this [video](#) to hear from our Co-Founders, Cliff Albright and LaTosha Brown.
It's About Us.

BVM continues to remind voters that It's About Us. Our communities, our jobs, our schools, our children, our issues! These are some of the many issues important to our communities:

Criminal Justice Reform
Affordable Housing
Better Schools
Healthcare
Equal Pay
Jobs

Following Election Day, we saw that many were attempting to stop the count and exclude voters in predominantly Black communities.

Black Voters Matter and our partners took to the streets to ensure that EVERY VOTE IS COUNTED at the #CountEveryVote Rally!
Don’t ever let anyone tell you that organizing doesn’t work.

When we work together, we win. When we take the time to go into our communities, talk to our folks, and give them the necessary tools to build power, we win. We matter! The work is not over yet, Black Voters Matter will be back on the road for the Georgia Special Election! Here is how you can get involved with our work in Georgia:
